We handle a standard 12-month contract period. This period was determined based on the experience of our customers when contracting our service for one year, which has proven to generate better long-term results. This minimum period was established to ensure the full implementation of the service and maximize the results achieved over time.

In line with our commitment to ensuring your organization's success, this minimum period is necessary. However, if any unforeseen circumstances arise in your organization that prevent you from continuing to pay for the service due to financial reasons, or if the service does not meet your expectations, you can cancel the contract at any time, without penalty.
