

How to change my password in Fracttal GO?

 help.fracttal.com/hc/en-us/articles/37812388076045-How-to-change-my-password-in-Fracttal-GO

Users can modify their access password directly from the Fracttal GO application, without the need to log into the web version. Below are the steps to perform this action:

1. Access Settings

From the main screen, tap the **Settings** icon, located in the bottom right corner, and access the **Security** option.

Once confirmed, it will be applied immediately and must be used in the next logins.

At the end of the operation, you will receive a confirmation email of the change at your registered address.

Note: This method applies only if you have active access to your account. If you forgot your password, the reset must be done directly from the login screen of the application.
