

# Where can I find virtual disk capacity and used space?

[help.fractal.com/hc/en-us/articles/25290244294925-Where-can-I-find-virtual-disk-capacity-and-used-space](https://help.fractal.com/hc/en-us/articles/25290244294925-Where-can-I-find-virtual-disk-capacity-and-used-space)

To check the available storage capacity in your Fractal One account, you need to access the options menu and go to the configuration module:

In the settings, access the '*account*' submodule, where you can find the information related to your account.

**Note:** This option is only available to account administrators.

The available storage capacity will be shown alongside the used space:
