

# Acciones rápidas desde un móvil.

[help.fracttal.com/hc/es-es/articles/25290550757005-Acciones-rápidas-desde-un-móvil](https://help.fracttal.com/hc/es-es/articles/25290550757005-Acciones-rápidas-desde-un-móvil)

Para poder utilizar nuestras acciones rápidas desde un móvil, lo que haremos es dar clic en nuestros puntos que aparecen en la parte derecha superior, en nuestra pantalla principal y nos abrirá un menú con la opción de acciones.

Luego, nos abrirá la ventana con las diferentes acciones rápidas que podremos realizar desde esta opción.

A continuación, se detalla cada una de estas opciones:

## Ubicación

---

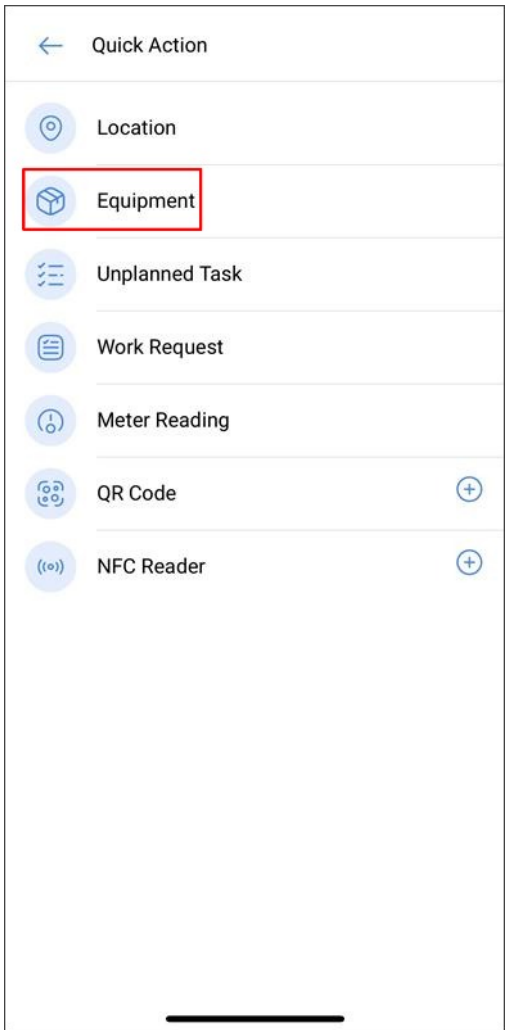

Ubicación nos abre una ficha en blanco de ubicación para poder cargar una nueva.

## Equipo

Equipo nos abría una ficha en blanco de equipo para poder cargar uno nuevo.

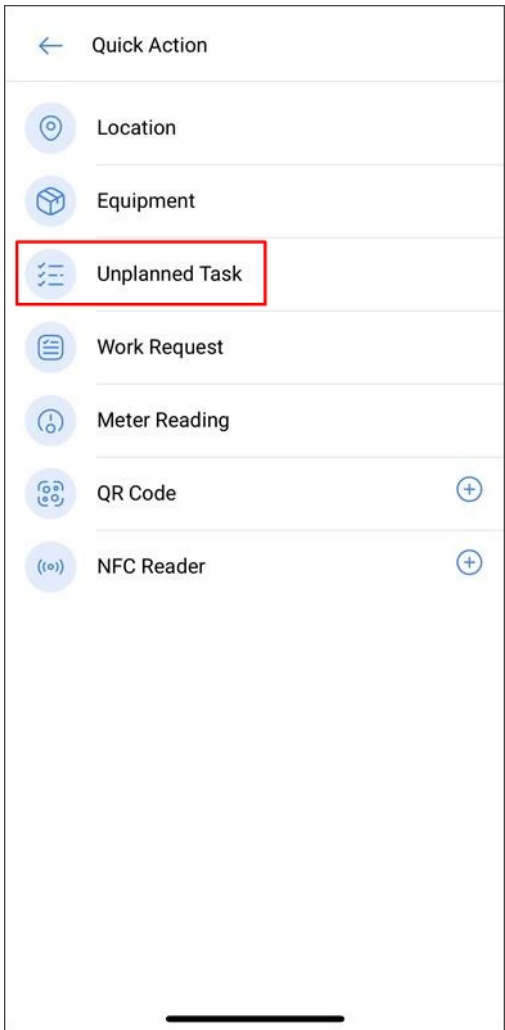

The screenshot shows a mobile application interface for 'Assets Equipment'. At the top, there is a navigation bar with a hamburger menu icon, the text 'Assets Equipment', a notification bell icon, and a three-dot menu icon. Below this is a 'General' form with a back arrow and a save icon. The form contains a QR code at the top. Below the QR code is a dropdown menu labeled 'Is part of' with a search icon. The next field is 'NOMBRE', which is currently empty and has a red border with an error message: 'Field 1 is too short (the minimum is 2 characters)'. Below this are four more input fields: 'Code', 'MARCA', 'MODELO', and 'Serial', all of which are currently empty.

## Tarea No Planificada

---

Nos abrirán nuestra opción para poder generar tareas no programadas directamente desde este apartado.

## Solicitud de trabajo

---

Nos abrirá una solicitud en blanco para generarla desde este apartado.

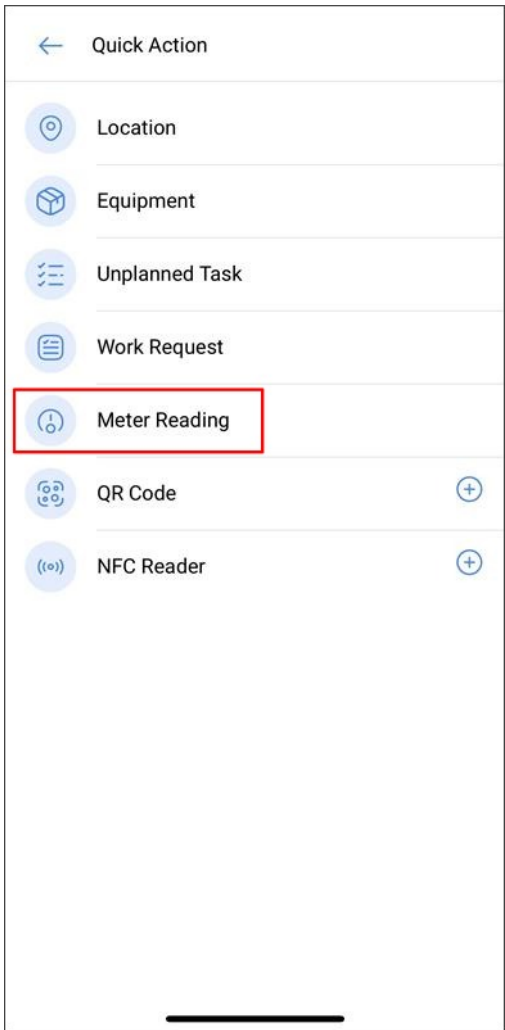

The image shows a mobile application interface for creating an asset. At the top, there is a header with a back arrow, the word "General", and icons for a document and a refresh. Below the header is a large blue icon representing a photo or image. Underneath that is a camera icon. The form consists of several fields: "Created by" with the value "Jonas Campos", "Creation Date" with the value "2025-04-16 10:16", and "Description" which is currently empty and has a red border with the error message "Description can't be blank" below it. Below the description field is a toggle switch for "Do you know the asset?" which is currently turned on. At the bottom is an "Asset" field with a dropdown arrow and a QR code icon.

## Lectura del medidor

---

Nos mandará hago una ventana donde podremos seleccionar el equipo y el medidor del que queremos actualizar la lectura desde este apartado.

The image shows a mobile application interface for 'Meter Reading'. At the top, there is a back arrow and the title 'Meter Reading', along with a document icon. Below the title, there are four input fields: 'Asset' with a dropdown arrow and a QR code icon, 'Meter' with a dropdown arrow, 'Date' with the value '2025-04-16 10:17', and 'Value' which is currently empty. The interface is clean and uses a light blue and grey color scheme.

## Escaneo QR y Lector de NFC

---

Por ultimo esta acción nos activará la función para poder hacer el escaneo o la lectura de alguna tarjeta NFC desde este apartado.
