## Fuseau horaire UTC

help.fracttal.com/hc/fr/articles/24916719037709-Fuseau-horaire-UTC

**Fracttal One** utilise des fuseaux horaires validés par IBM et vérifiés avec la norme ISO 8601 pour garantir la précision dans la gestion des actifs et des tâches.

La plateforme permet aux utilisateurs de personnaliser leur fuseau horaire en fonction d'une liste fournie. Cette configuration est essentielle pour garantir que les dates des tâches planifiées soient correctement calculées et éviter des erreurs dans la création des tâches.

La sélection du fuseau horaire adapté aux besoins individuels assure la précision dans la gestion des actifs et des tâches, en tenant compte des différentes localisations et fuseaux horaires.

## FUSEAU HORAIRE 2025

## Comment définir le fuseau horaire à partir du module de configuration ?

1. En haut à droite, cliquez sur le menu où apparaît votre nom.

## 2. Cliquez sur "Réglage".

| Dashboard                             |                          |                       |                                     |                          |   |

**Remarque:** Lors de la modification ou de l'édition du "Calendrier de travail" ou du "Fuseau horaire UTC" depuis le module de configuration, toutes les dates reprogrammées pour les tâches en attente seront réinitialisées par le système. Par défaut, elles reviendront à la date calculée initialement pour chaque tâche en attente.
