

Pestaña "Activos Relacionados" en la ficha del Activo

help.fractal.com/hc/es-es/articles/456383365645965-Pestaña-Activos-Relacionados-en-la-ficha-del-Activo

La pestaña **"Activos Relacionados"** en el detalle de un activo te permite ver los activos hijos inmediatos (primer nivel) directamente desde la ficha del activo principal. Esta función hace más sencilla la navegación jerárquica entre equipos y sub-equipos, sin tener que usar vistas de árbol o filtros externos, ofreciendo una forma más directa de gestionar las relaciones entre los activos.

The screenshot shows the 'Activos Relacionados' (Related Assets) tab for a 'Manufacturing plant { MNF-P1 }'. The interface includes a sidebar with navigation options: General, Custom Form, Health Status, Third Parties, Spare Parts and Supplies, **Related Assets** (highlighted with a red box), and Historical. The main content area displays a table of related assets:

<input type="checkbox"/>	Code	Description ↑	Asset Type	Group	Group 1
<input type="checkbox"/>	<input type="radio"/> MNF-P102	MANUFACTURING PLANT 2 { MNF-...	Locations		
<input type="checkbox"/>	<input type="radio"/> MNF-P103	MANUFACTURING PLANT 3 { MNF-...	Locations		
<input type="checkbox"/>	<input type="radio"/> MNF-P104	MANUFACTURING PLANT 4 { MNF-...	Locations		
<input type="checkbox"/>	<input type="radio"/> PP-0112	{ PP-0112 } PRODUCTION PLANT	Equipment		

At the bottom of the table, it says 'Showing 4 of 4'. On the left sidebar, there is a status indicator: 'Out of Service: No' and 'Enabled' with a blue toggle switch.

Nota: Esta pestaña se muestra únicamente cuando el activo posee hijos directos asociados, e incluye exclusivamente los activos del primer nivel inferior.

Pasos para utilizar la pestaña "Activos Relacionados"

Paso 1: Acceder al detalle del activo padre

1. Ir a: **Activos** → [Seleccionar activo padre]

The screenshot shows the Fractal One dashboard interface. On the left, a sidebar menu is visible with the 'Assets' option highlighted by a red box and a red arrow. The main dashboard area displays several key performance indicators (KPIs) and charts. The KPIs include: '0' (top left), '89' (top middle, labeled 'Closed WOs'), '26' (top right, labeled 'Pending Tasks with Delay'), '4' (bottom left, labeled 'topped assets'), '15' (bottom middle, labeled 'Planned downtimes'), and '13' (bottom right, labeled 'Unplanned downtimes'). A central donut chart shows 'Compliance Percentage' at 69.5%. On the right side, there are two bar charts: 'Work Orders' and 'Work Requests'. The 'Work Orders' chart shows three categories: 'WO's C...' (128), 'Finished...' (89), and 'Pendi...' (39). The 'Work Requests' chart shows two categories: '31' and '17'. The top right corner of the dashboard features a search bar, a notification bell, a rocket icon, an 'AI' button, and a user profile icon.

2. Verificar que el activo tenga sub-equipos o activos hijos asociados previamente.

The screenshot shows the 'Assets Locations' table in the Fractal One application. The table has the following columns: 'Enabled', 'Out of Service', 'Description', 'Name', and 'Address'. A search bar at the top right contains the text 'Manufacturing'. The table displays one row of data:

Enabled	Out of Service	Description	Name	Address
<input type="checkbox"/>	<input type="checkbox"/>	Manufacturing plant { MNF-P1 }	Manufacturing plant	

The 'Enabled' checkbox for this row is highlighted with a red box. At the bottom left, it says 'Showing 1 of 1'. At the bottom right, there is a blue circular button with a white plus sign.

3. La pestaña "**Activos Relacionados**" aparecerá automáticamente en la barra de pestañas del detalle del activo.
