

# Movement history

[help.fractal.com/hc/en-us/articles/25163077212685-Movement-history](https://help.fractal.com/hc/en-us/articles/25163077212685-Movement-history)

The **Movement History** allows you to track all asset movements in the warehouse. This tool makes it easier to monitor inventory flows and enhances operational efficiency by providing a detailed record of each transaction, helping to maintain inventory integrity and control costs.

To access the **Movement History**, follow these steps:

1. On the main **dashboard**, go to the **Warehouse module**.

2. Find and click on the **desired warehouse**. If you need to search for a specific warehouse, you can use the available filters to make it easier

The screenshot shows the 'Warehouses' management interface. At the top, there is a search bar with a red arrow pointing to it. Below the search bar is a table of warehouses. A red box highlights the table content. The table has columns for 'Enabled', 'Code', 'Description', 'Movement ID', 'Purchase Order ID', and 'Stock control'. The 'Enabled' column contains radio buttons and status labels like 'Yes' or 'No'. The 'Stock control' column contains radio buttons and labels like 'No'. At the bottom left, it says 'Showing 50 of 488'. At the bottom right, there is a blue plus button.

Enabled	Code	Description	Movement ID	Purchase Order ID	Stock control
<input type="radio"/> Yes	Abotarm	Abot Armazem	MOV9720	OC2820	<input type="radio"/> No

5. In the history view, you will see the following information, among others:

- **ID** : The unique identifier for each movement made.
- **Transaction type**: Indicates whether the action was an entry, exit, or inventory adjustment.
- **Entry and exit warehouse**: Shows the source and destination warehouse of the assets.
- **Asset details**: Specific information about the asset involved in the transaction.
- **Delivery and modification dates**: Key dates related to the movement of the asset.
- **Associated cost**: Information about the costs related to the movement (if applicable).
