

Cost Pivot Table

help.fracttal.com/hc/en-us/articles/25022100768141-Cost-Pivot-Table

The **Cost Pivot Table**, available in **Economic Analysis**, allows users to organize and analyze maintenance costs in a detailed and flexible manner. With this functionality, it is possible to segment data into various categories, facilitating strategic decision-making.

Accessing the Cost Pivot Table

To view the **Cost Pivot Table**, follow these steps:

1. Access the main menu and go to **Business Intelligence**.
2. Click on the **Economical Analysis** option.
3. Select the **Cost Pivot Table** tab.

Upon accessing this section, you will be directed to a customizable interface where you can configure the data according to your needs.

Interface Structure

The **Cost Pivot Table** interface allows users to select and drag fields to structure their analysis as needed. With this functionality, you can create different reports and visualize data in a personalized way.

To generate your custom pivot table, follow these steps:

Selecting Desired Fields

On the left side of the screen, below the **Table** option, all available fields are listed. To add a field to your table:

Actual Resource Usage Cost Pivot Table Planned Resource Usage

Actual Schedule Date
2025-02-11 / 2025-03-11

Table

Asset

Asset Group 1

Asset Group 2

Asset Type

Qty

Real Used Qty

Resource Description

Resource Source

Resource Type

Task

Task Group 1

Task Group 2

Sum

Custo total

Ano

Ano	null	Totals
Totals	0.00	0.00

1. Identify the relevant fields from the list on the left.
2. Drag the field to the central area of the screen, where the table structure is displayed.
3. Drop the field in the central area to integrate it into the visualization.

Ano	null	Totals
Totals	0.00	0.00

Once the fields are added, the table will automatically generate, displaying data according to the selected filters. The table structure can be adjusted as needed.

If you need to modify the table layout:

- Drag fields to different areas of the table.
- To remove a field, click the delete icon next to the field name.

If external reports need to be generated, the data configured in the Cost Pivot Table can be **exported**. To do this, simply use the highlighted icon in the upper right corner.
