

Crear consumidores OAUTH

help.fractal.com/hc/es-es/articles/26151637987853-Crear-consumidores-OAUTH

Para establecer conexiones mediante la API de Fractal One, es necesario configurar un consumidor OAuth que permita autenticar y gestionar el acceso a la plataforma de forma segura.

1. Inicia sesión y haz clic en el menú ubicado en la parte superior derecha.

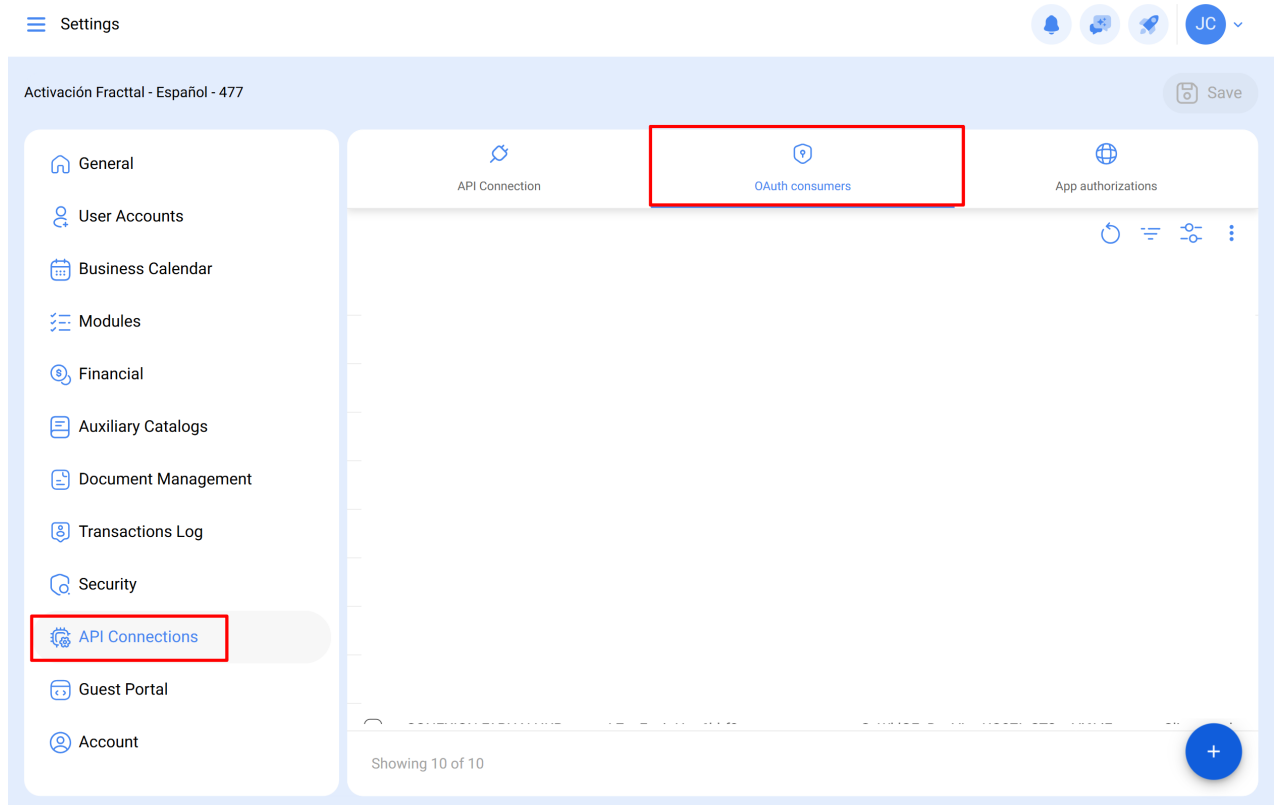

2. Selecciona "Configuración" dentro del menú.

The screenshot shows a dashboard with a top navigation bar containing a hamburger menu, the word 'Dashboard', and a user profile dropdown. The user profile dropdown is open, showing the user's name 'Jonas Campos', a language selector set to 'Español', a 'Settings' option (highlighted with a red box), a 'Dark Mode' toggle, a 'Help and Technical Support' dropdown, a 'Change company' link, and a 'Log out' button. The dashboard itself features several widgets: four KPI cards at the top (49 WO in Process, 14 WO in Review, 63 Closed WO, 37 Pending Tasks with Delay), a 'Scheduled vs. Unplanned Tasks' donut chart (41.6% planned, 58.4% unplanned), a 'Compliance Percentage' donut chart (50.0% closed), and two bar charts on the right labeled 'Work Orders' and 'Work Requests'.

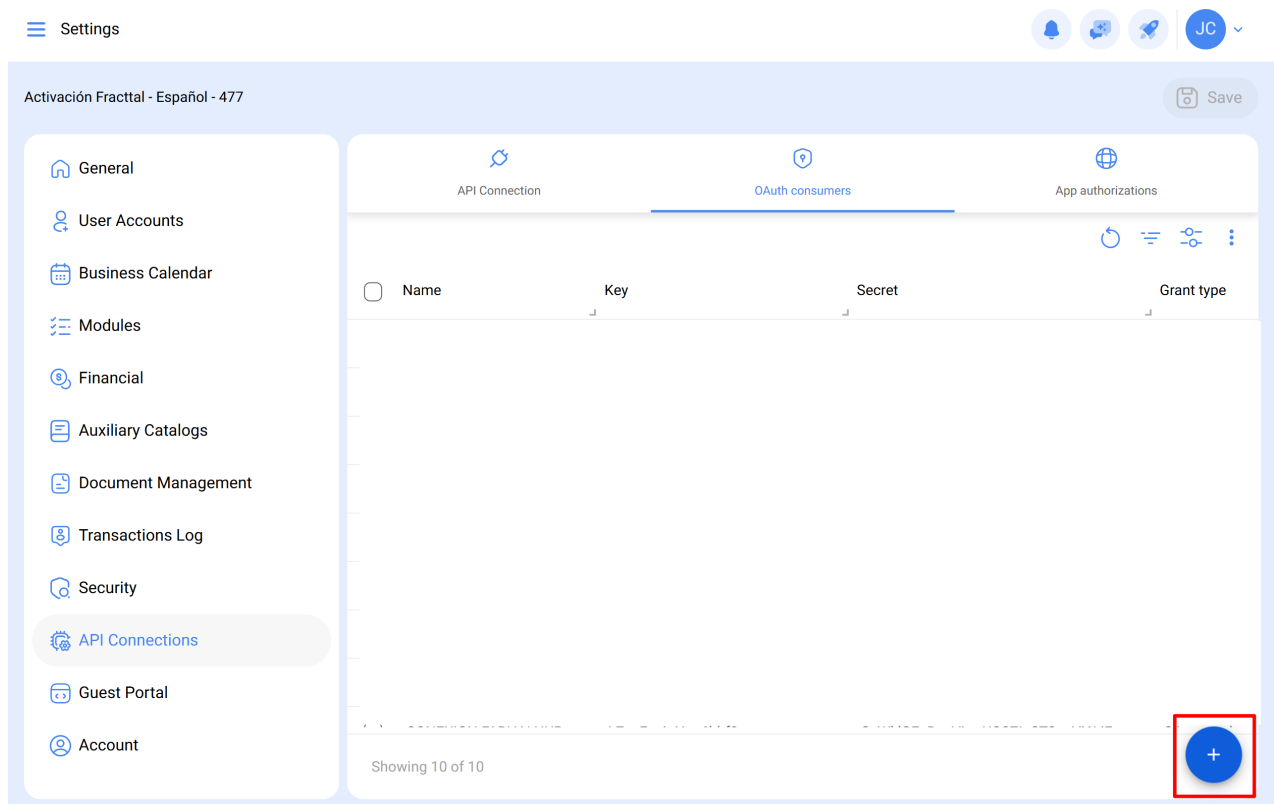

3. En la sección de configuración, haz clic en la opción "Conexiones API" en el panel lateral izquierdo.

The screenshot shows the 'Settings' page. The top navigation bar has a hamburger menu, the word 'Settings', and a user profile dropdown. The left sidebar contains a list of settings categories: General, User Accounts, Business Calendar, Modules, Financial, Auxiliary Catalogs, Document Management, Transactions Log, Security, API Connections (highlighted with a pink box), Guest Portal, and Account. The main content area is titled 'Activación Fractal - Español - 477' and has a 'Save' button. It features three tabs: 'API Connection', 'OAuth consumers' (selected), and 'App authorizations'. Below the tabs is a table with columns: Name, Key, Secret, and Grant type. The table is currently empty. At the bottom, it says 'Showing 10 of 10' and there is a blue circular button with a plus sign.

4. Dentro de la configuración de la API, haz clic en "Consumidores OAuth".

5. Haz clic en el botón "+" ubicado en la parte inferior derecha para agregar un nuevo consumidor.

6. Configura los campos según se muestra en la imagen. Aquí, lo más importante son los **"Grupos de permisos"** que previamente creamos para que, al momento de establecer comunicación, no tengamos inconvenientes en acceder al módulo con el que deseamos interactuar.

The screenshot shows the 'New OAuth consumer' form in a system settings interface. The form is highlighted with a red border and contains several fields with error messages:

- Grant type:** A dropdown menu with the error message "Grant type não pode ficar em branco" (Grant type cannot be blank).
- Name:** A text input field with the error message "Name não pode ficar em branco" (Name cannot be blank).
- Description:** A text input field.
- Group Permissions:** A dropdown menu with the text "No permission selected".
- Credentials:** A section containing:
 - Creation Date:** A text input field.
 - Key:** A text input field with a copy icon.
 - Secret:** A text input field with a copy icon.

The background shows the 'Settings' menu with 'API Connections' selected, and a table of existing API connections.

7. Una vez configurados los campos anteriores, presiona la opción "Guardar".

The screenshot shows the 'New OAuth consumer' form in the Fractal Hub settings. The form is divided into several sections:

- Grant type:** A dropdown menu with 'Client credentials' selected.
- Name:** A text input field with 'NAME' entered.
- Description:** A text input field with 'Description' entered.
- Group Permissions:** A dropdown menu with 'PERMISO 1 TECNICO' selected.
- Activate Fractal Hub (Middleware):** A checkbox that is currently unchecked.
- Credentials:** A section containing three input fields:
 - Creation Date:** A text input field.
 - Key:** A text input field with a copy icon.
 - Secret:** A text input field with a copy icon.

A red box highlights the 'Guardar' (Save) button in the top right corner of the form.
