

Criar consumidores OAUTH

help.fractal.com/hc/pt-pt/articles/26151637987853-Criar-consumidores-OAUTH

Para estabelecer ligações através da API do Fractal One, é necessário configurar um consumidor OAuth que permita autenticar e gerir o acesso à plataforma de forma segura.

1. Inicie sessão e clique no menu no canto superior direito.

2. Selecionar “Definições” no menu.

The screenshot shows a dashboard with various metrics and charts. The user menu is open, showing the user's name 'Jonas Campos' and the role 'Activación Fractal - Esp...'. The 'Settings' option is highlighted with a red box. The dashboard includes a date range selector for '2025-03-11 / 2025-04-11' and several key figures: 49 WOs in Process, 14 WOs in Review, 63 Closed WOs, and 37 Pending Tasks with Delay. There are also two donut charts: 'Scheduled vs. Unplanned Tasks' (41.6% and 58.4%) and 'Compliance Percentage' (50.0%).

Dashboard Metrics:

- 49 WOs in Process
- 14 WOs in Review
- 63 Closed WOs
- 37 Pending Tasks with Delay

Charts:

- Scheduled vs. Unplanned Tasks: 41.6% (orange), 58.4% (blue)
- Compliance Percentage: 50.0% (blue)

User Menu:

- Settings (highlighted)
- Language
- Dark Mode
- Help and Technical Support
- Change company
- Log out

3. Na secção de definições, clique na opção “Ligações API” no painel do lado esquerdo.

The screenshot shows the 'Settings' page. The left sidebar contains a list of settings categories, with 'API Connections' highlighted by a pink box. The main content area shows the 'API Connection' tab, which is currently empty. The top of the page shows the user's name 'Jonas Campos' and the role 'Activación Fractal - Español - 477'.

Settings Page:

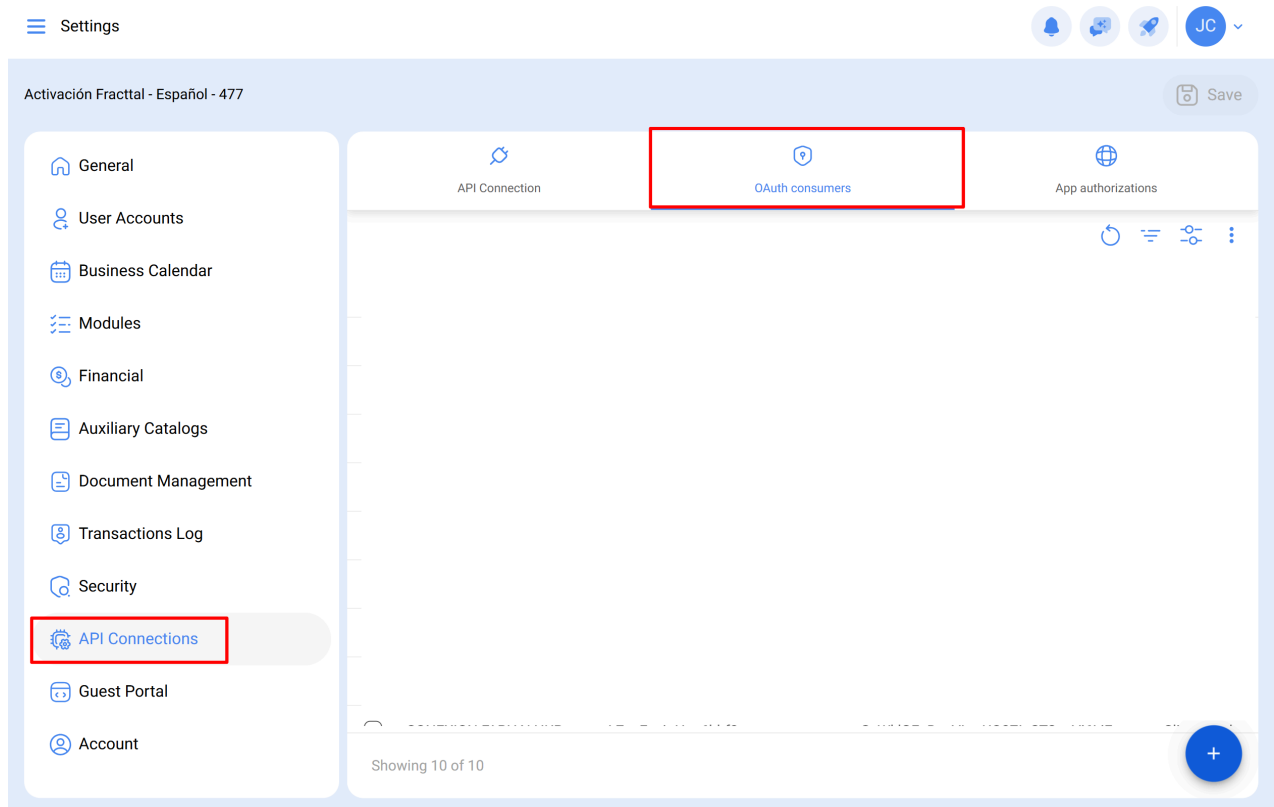

- General
- User Accounts
- Business Calendar
- Modules
- Financial
- Auxiliary Catalogs
- Document Management
- Transactions Log
- Security
- API Connections (highlighted)
- Guest Portal
- Account

API Connection Table:

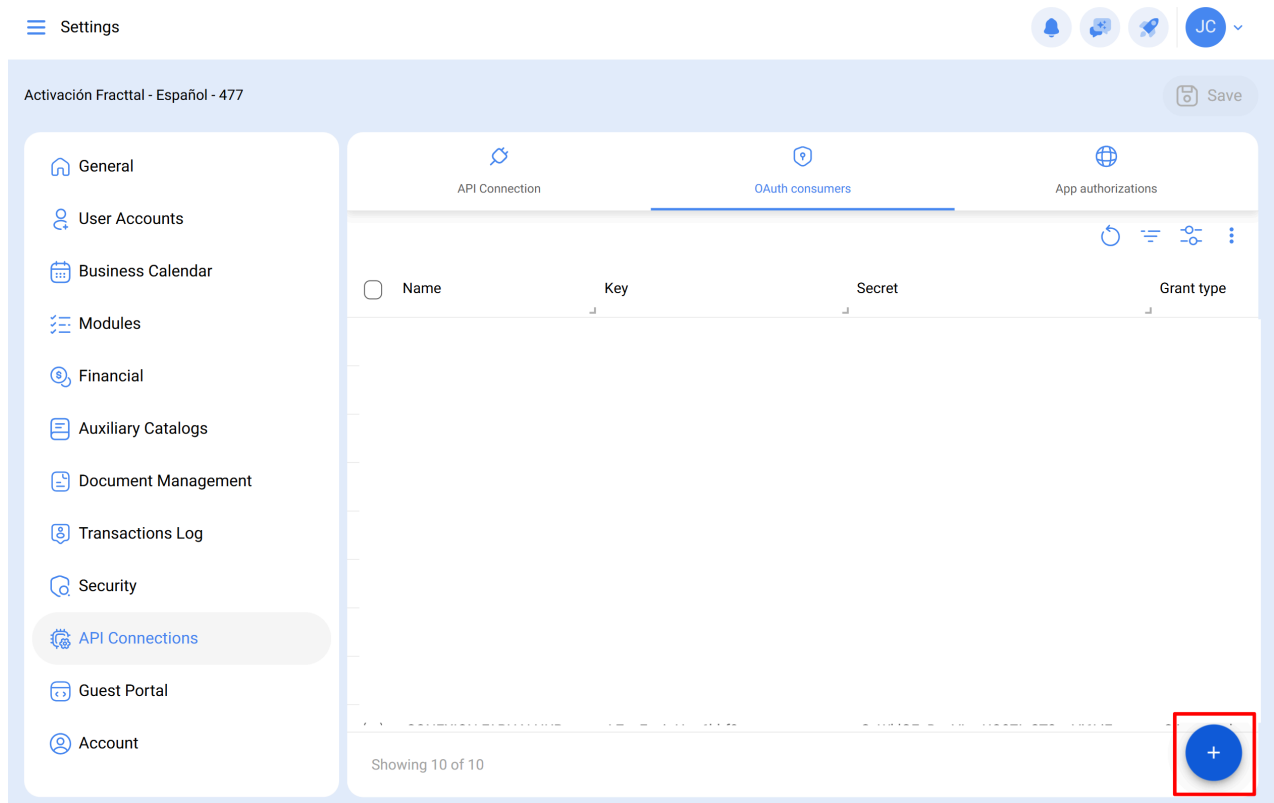

Name	Key	Secret	Grant type
------	-----	--------	------------

Showing 10 of 10

4. Nas definições da API, clique em “Consumidores OAuth”.

5. Clique no botão “+” no canto inferior direito para adicionar um novo consumidor.

6. Configure os campos como mostra a imagem. Aqui, o mais importante são os “[Grupos de permissões](#)” que criámos anteriormente para que, no momento de estabelecer a comunicação, não tenhamos problemas em aceder ao módulo com o qual pretendemos interagir.

The screenshot shows the 'New OAuth consumer' form in a system settings interface. The form is highlighted with a red border and contains the following fields:

- Grant type**: A dropdown menu with a red border and a red error message below it: "Grant type não pode ficar em branco".
- Name**: A text input field with a red border and a red error message below it: "Name não pode ficar em branco".
- Description**: A text input field.
- Group Permissions**: A dropdown menu with a red border and a red error message below it: "No permission selected".
- Credentials :**: A section containing:
 - Creation Date**: A text input field.
 - Key**: A text input field with a copy icon.
 - Secret**: A text input field with a copy icon.

The left sidebar shows the 'API Connections' menu item selected. The main content area shows a table of API connections with columns 'Name' and 'Key'.

7. Depois de ter configurado os campos acima, clique na opção “Guardar”.

The screenshot shows the 'New OAuth consumer' form in the Fractal Hub settings. The form is divided into several sections:

- Grant type:** A dropdown menu with 'Client credentials' selected.
- Name:** A text input field with 'NAME' entered.
- Description:** A text input field with 'Description' entered.
- Group Permissions:** A dropdown menu with 'PERMISO 1 TECNICO' selected.
- Activate Fractal Hub (Middleware):** A checkbox that is currently unchecked.
- Credentials:** A section containing three input fields: 'Creation Date', 'Key', and 'Secret'. The 'Key' and 'Secret' fields have copy icons next to them.

A red box highlights the 'Guardar' (Save) button in the top right corner of the form.
