

What are Fractal BI widgets?

help.fractal.com/hc/en-us/articles/25052038708749-What-are-Fractal-BI-widgets

Widgets are the different graphs or tables that can be added to the Fractal BI module panels.

There are different types of widgets that allow to detail and analyze the information managed in the platform in different ways. The different types of widgets that can be added to a dashboard are listed below:

- Area
- Line
- Bar
- Cake
- Polar Zone
- Radar

- Radial bar
- Box
- Bubbles
- Candlestick
- Heat map
- Scatter
- Timeline
- Tree
- Table
