

How to select a currency?

help.fracttal.com/hc/change_language/en-us

To select the main currency that will be used to carry out transactions on the database, just click on currency.

The screenshot shows the 'Fracttal Demo' settings page. On the left is a sidebar with a 'Settings' menu and a list of categories: Information, Details, General, User Accounts, Business Calendar, Modules, Financial, Auxiliary Catalogs, Document Management, Transactions Log, Security, API Connections, Guest Portal, and Account. The 'Details' section is active, showing a form for user information. The 'Currency' dropdown menu is highlighted with a red box and shows 'COLOMBIA' as the selected option. Other fields include Code (06430232751), Name (Fracttal Demo), Email (alejandro.tamayo@fracttal.co), Address, City, State, Country, Zip code, Time zones UTC (America/Bogota), Latitude (36,834045), and Longitude (-2,4637136). A 'Save' button is in the top right corner.

A new window will open that will expand the catalog of currencies registered on the platform.
