

Qu'est-ce que les groupes de notifications et comment les ajouter ?

help.fracttal.com/hc/fr/articles/24943591960461-Qu'est-ce-que-les-groupes-de-notifications-et-comment-les-ajouter

Les groupes de notifications sont une liste d'adresses e-mail prédéfinies qui peuvent être utilisées pour envoyer des notifications massives selon les règles définies.

Pour ajouter un groupe de notifications, il faut cliquer sur le bouton « plus » que vous trouverez en haut à droite du module d'automatisation et sélectionner l'option « Groupe de notifications ».

The screenshot shows the Fracttal Dispatcher interface. At the top, there is a search bar and a navigation bar with various icons. Below the navigation bar, there is a table of notification groups. The table has four columns: a checkbox, a toggle switch, a 'Module' column, a 'Submodule' column, and an 'Event' column. The table lists several notification groups, including 'New WO', 'The existence of an item is over the maximum level', 'Paused task', 'Error in process execution', 'Work order under review', 'Tasks expired in WO's', and 'Expiry of a warranty'. A red box highlights the 'plus' button in the top right corner of the table, which is used to add new notification groups.

	Module	Submodule	Event
☐	Work Management	Work Orders	New WO
☐	Warehouses	Stock	The existence of an item is over the maximum level
☐	Work Management	Work Orders	Paused task
☐	Dispatcher	Fracttal Hub	Error in process execution
☐	Work Management	Work Orders	Work order under review
☐	Work Management	Work Orders	Tasks expired in WO's
☐	Settings	Document Management	Expiry of a warranty
☐	Work Management	Work Orders	Tasks expired in WO's

Ensuite, une fenêtre s'ouvrira pour éditer ou modifier les groupes existants (le cas échéant) ou en ajouter un nouveau. Dans ce cas, il suffit de cliquer sur l'option ajouter ou éditer pour afficher les champs de description (nom du groupe) et les adresses e-mail des personnes qui composent ce groupe de notifications.
