The “Movement History” tab allows the user to trace in a consolidated manner, the details of all the different types of movements previously made in the warehouse.

The screenshot displays the 'Warehouse AlphaVille' interface. At the top, there is a navigation bar with 'Warehouses' and 'Old Version' links. Below this, the 'Warehouse AlphaVille' header includes a 'Save' button and a refresh icon. A sidebar on the left contains a 'Details' section with a toggle for 'Enabled' and a list of navigation items: General, Stock, Purchase orders, Material requisitions, Entries, Outgoings, and Movement History (highlighted with a red box). The main content area is a table with the following columns: Id, Type of Movement, Entries / Outgoings, and Warehouse Sourc. The table lists 14 movement records, each with a selection checkbox and a refresh icon. The records are as follows:
