

Planned Resource Usage

help.fractal.com/hc/en-us/articles/25021988067213-Planned-Resource-Usage

In this sub-module you will be able to analyze the different types of resources coming from the task planning, in terms of quantities and costs that will be executed according to the times stipulated in your previous planning. The detail of these results will be shown in a parameterized way in time periods such as: days, weeks or months.
