

Configuração do Fractal Hub a partir de catálogos auxiliares

help.fractal.com/hc/pt-pt/articles/26151405399053-Configuração-do-Fractal-Hub-a-partir-de-catálogos-auxiliares

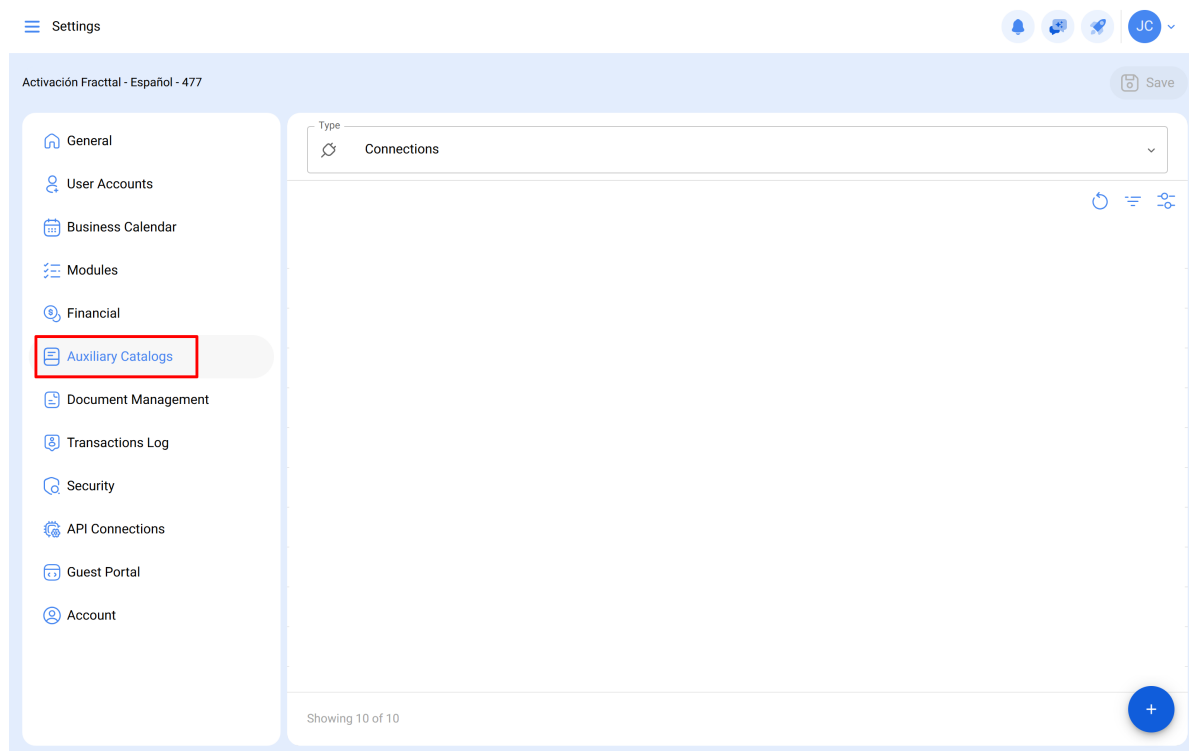

1. Inicie sessão no Fractal One e aceda ao menu de definições no canto superior direito.

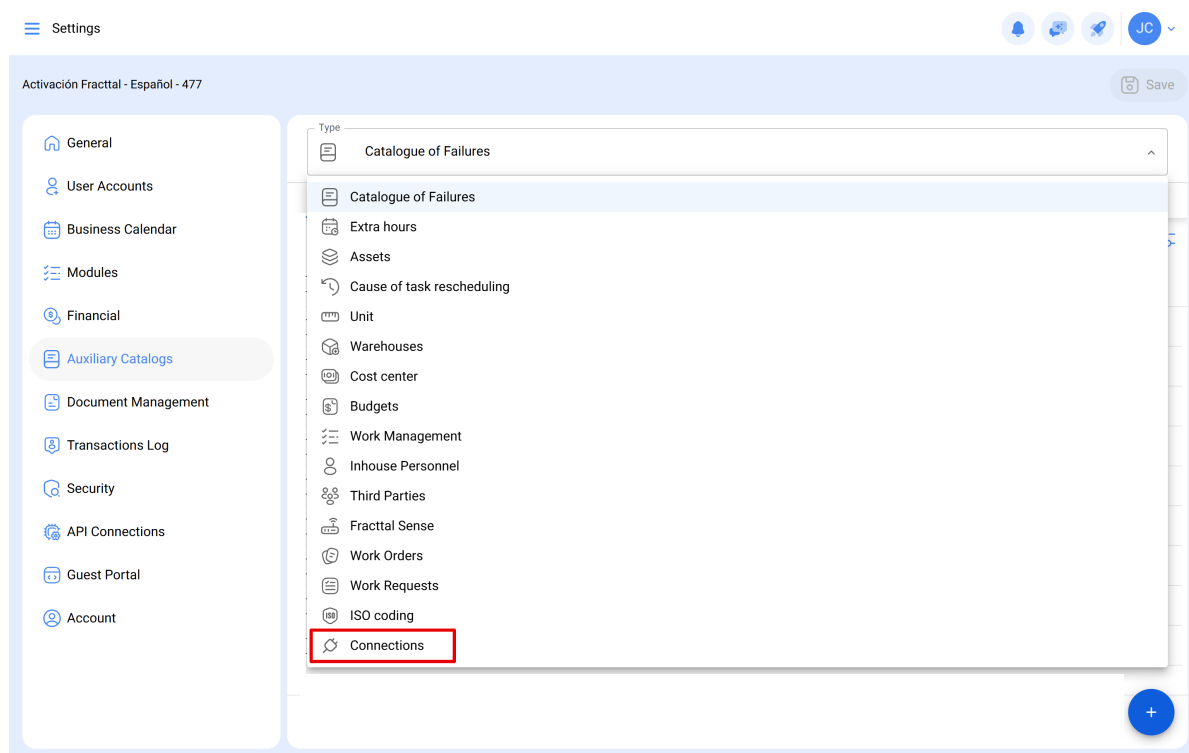

2. Clique em “Configurações”.

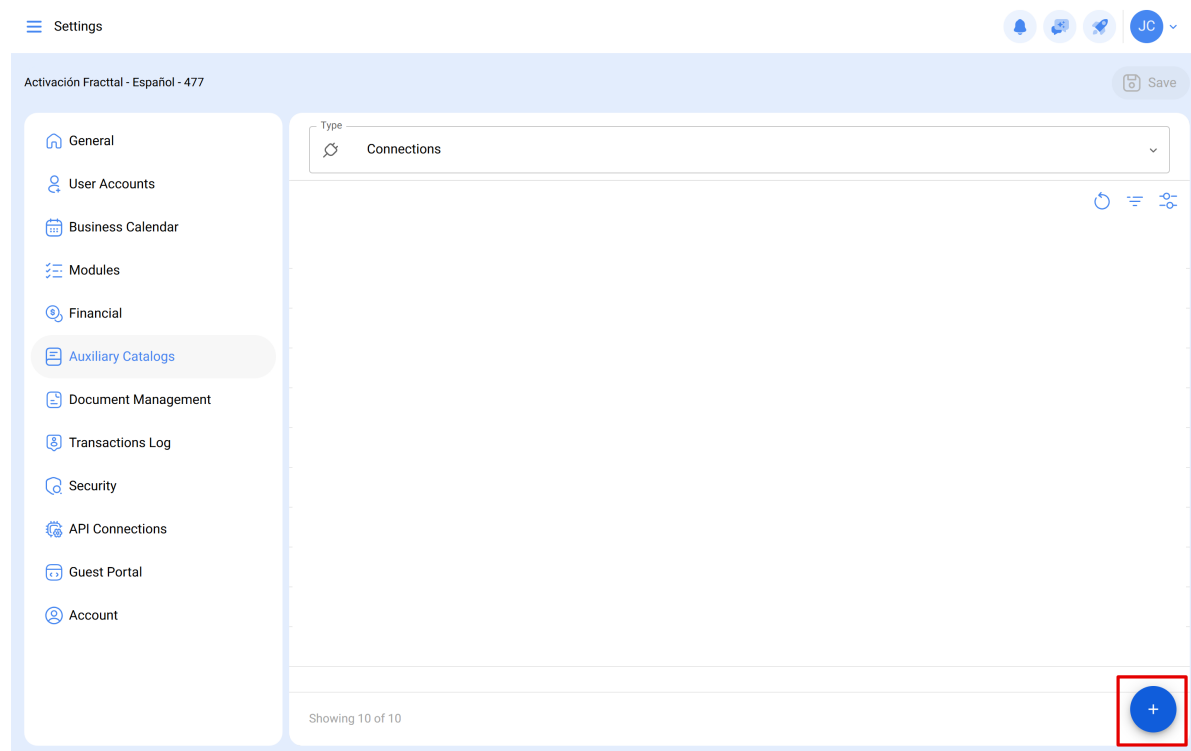

3. No menu do lado esquerdo, selecione “Catálogos Avarias”.

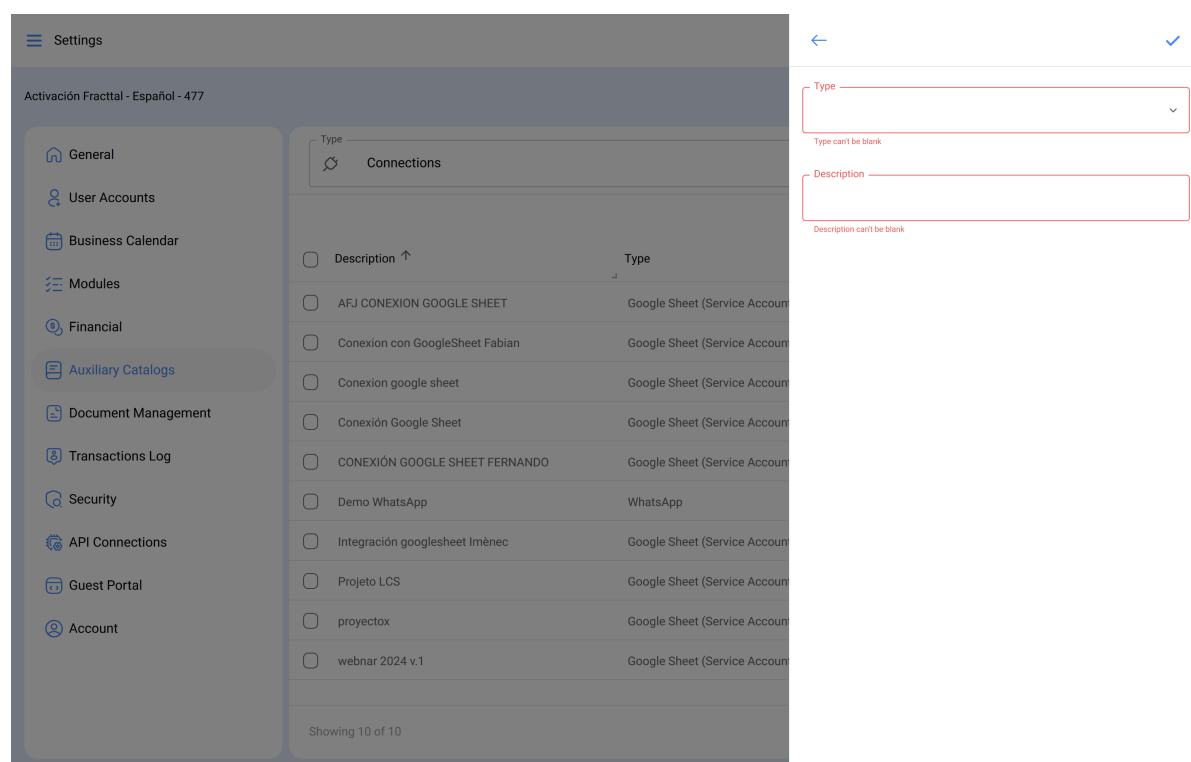

4. Nas opções do menu pendente, selecione “Ligações”.

5. Clique no botão “Adicionar” no canto inferior direito.

6. No primeiro campo intitulado “Tipo”, é apresentado um menu. Selecione o tipo de ligação pretendido. Neste caso, como exemplo, seleccionaremos o Google Sheets.

7. Depois de ter seleccionado o tipo de ligação, preencha os campos abaixo conforme necessário. Estas informações devem ser preenchidas de acordo com o ficheiro JSON que foi previamente descarregado durante a configuração da Conta Google.

JSON

```
{
  "type": "service_account",

8. Depois de preencher as informações correspondentes, deve clicar em Guardar.

The screenshot shows the 'Settings' page for 'Activación Fractal - Español - 477'. The left sidebar contains a menu with items: General, User Accounts, Business Calendar, Modules, Financial, Auxiliary Catalogs, Document Management, Transactions Log, Security, API Connections, Guest Portal, and Account. The 'API Connections' section is active, showing a table of connections and a form to add a new one.

The form on the right is for adding a new connection. It has a 'Type' dropdown set to 'Google Sheet (Service Account)' and a 'Description' field with the value 'Conexión'. Below this, there are several fields for service account details: 'service_account' (set to 'service_account'), 'project_id' (set to '@fractal.com'), 'private_key_id' (set to '*****'), 'private_key' (set to '*****'), 'client_email' (set to 'client@email.com'), 'client_id' (set to 'clienet_id'), 'client_x509_cert_url' (set to 'client_x509_url'), and 'auth_uri' (set to 'https://accounts.google.com/o/oauth2/auth'). A red box with a checkmark is in the top right corner of the form area.

E pronto, já configurou a ligação.
