To rename or delete a file or folder, you need to select the desired item. After selection, the system will enable a toolbar where you can choose between the actions of deleting or renaming, as needed.

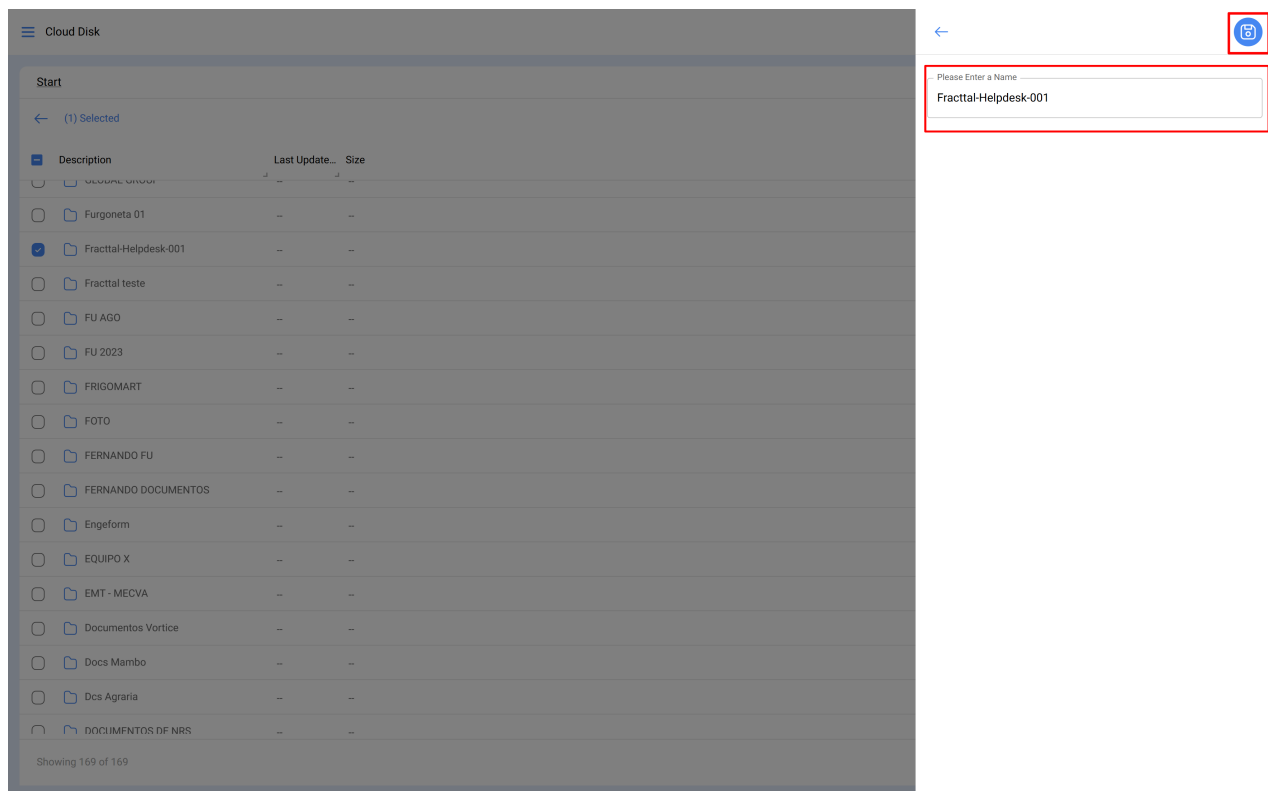

How to Rename a File or Folder

1. Select the file or folder you want to rename from the cloud disk list.
2. Click the edit icon in the upper right corner of the screen.

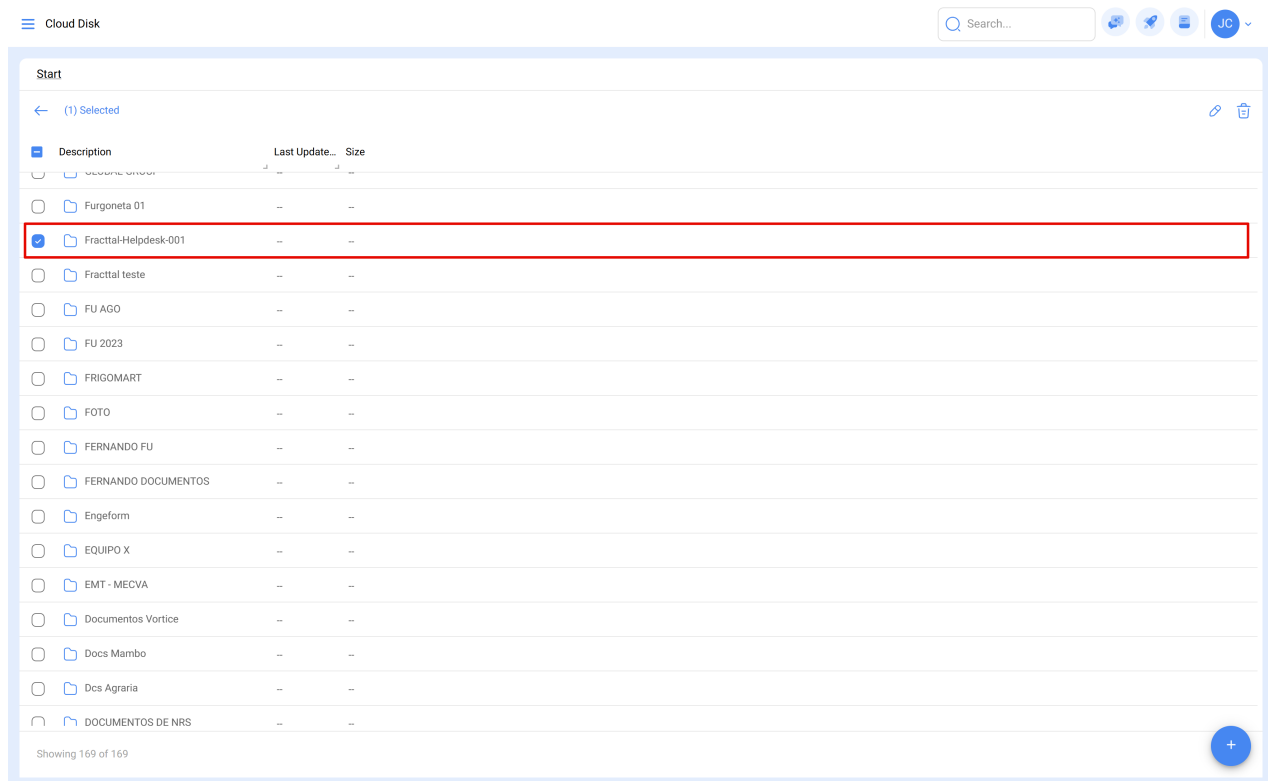

3. A pop-up window will appear with an editable field.

4. After making the change, click Save to confirm the modification.

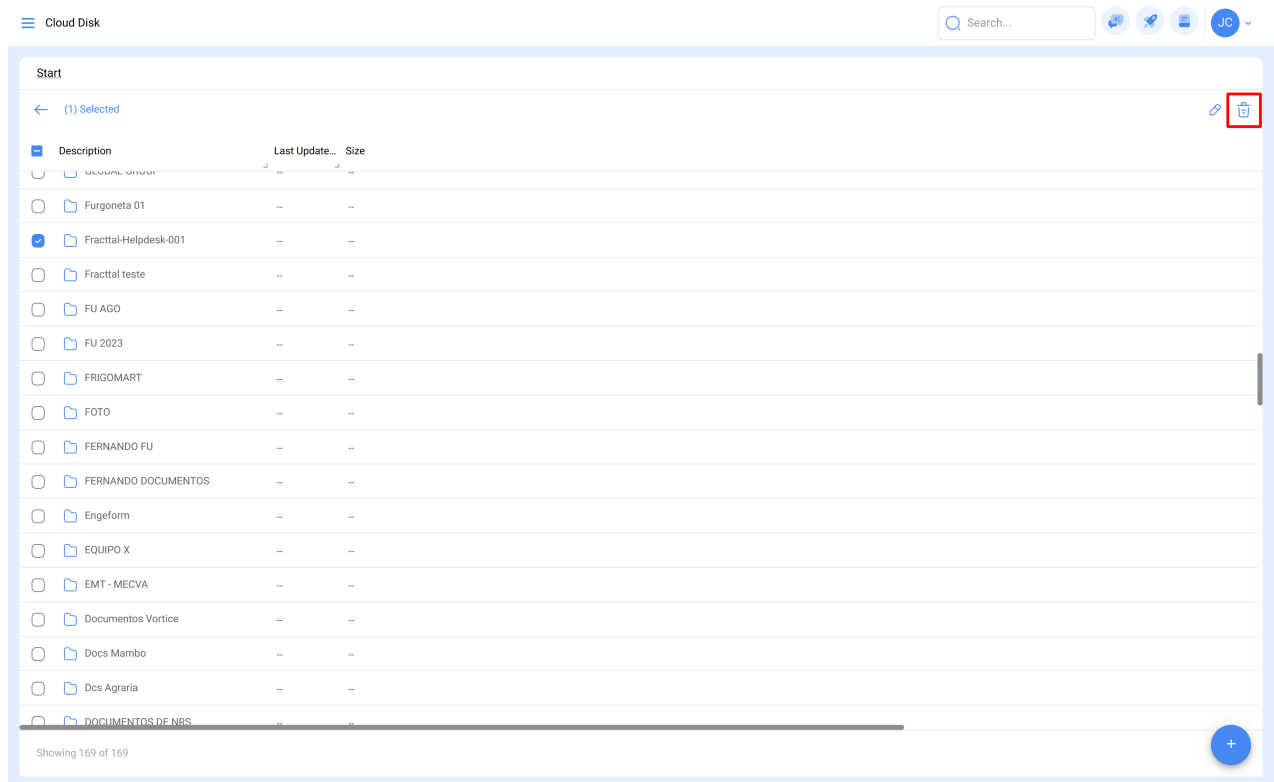

How to Delete a File or Folder

1. Select the file or folder you want to delete from the cloud disk list.

2. Click the delete icon in the upper right corner of the screen.

3. A confirmation window will appear. Confirm the action to finalize the deletion of the file or folder.
