

Fuso horário UTC

help.fractal.com/hc/pt-pt/articles/24916719037709-Fuso-horário-UTC

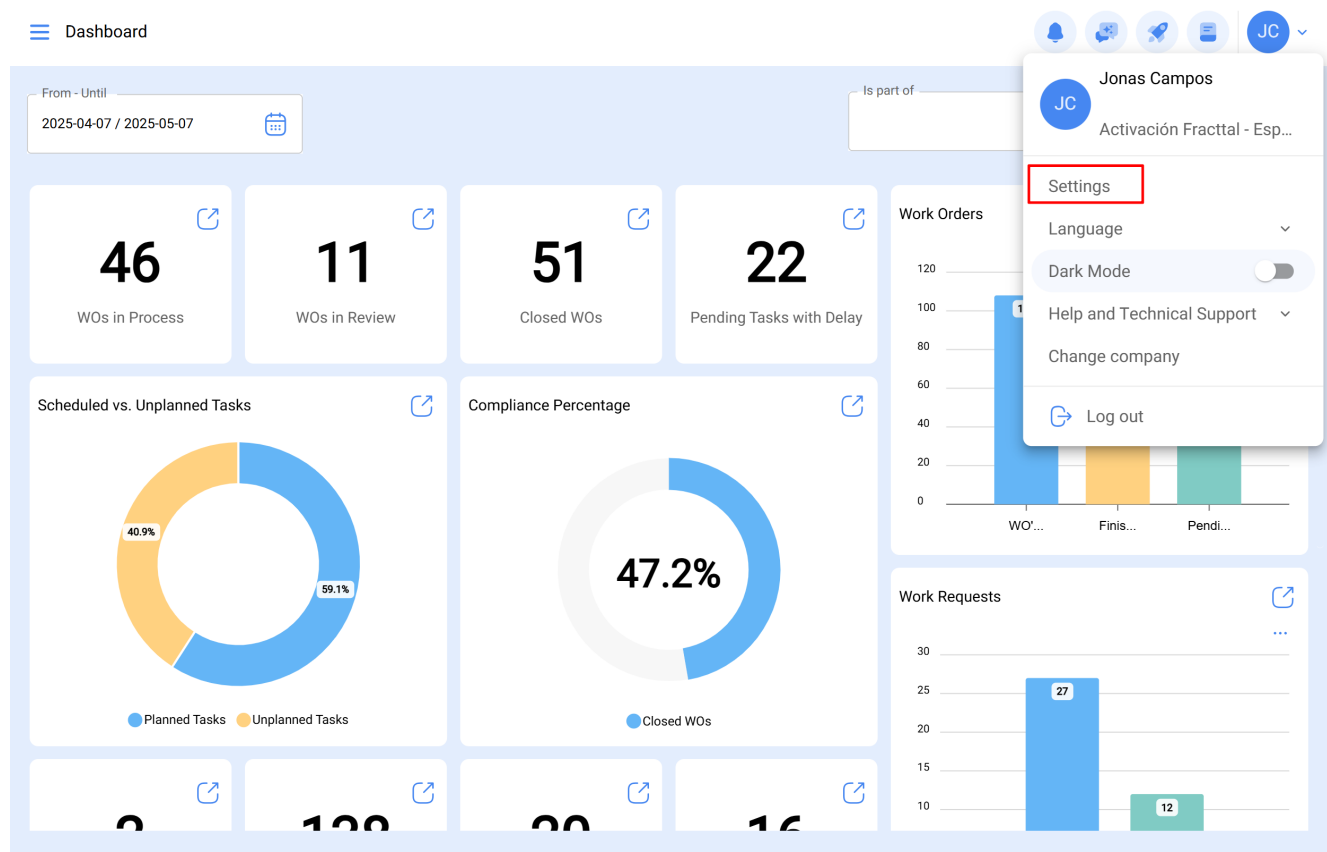

O Fractal One utiliza fusos horários suportados pela **IBM** e validados segundo a norma **ISO 8601**, garantindo precisão na gestão de ativos e tarefas. Isto assegura que as tarefas programadas sejam realizadas sem erros que afetem a operação.

A plataforma permite personalizar o fuso horário a partir de uma lista predefinida, evitando erros em datas e atribuições. **Escolher o fuso horário adequado conforme a localização do utilizador garante uma gestão precisa, mesmo com múltiplas localizações e fusos horários.**
