

Create consumers OAUTH

help.fractal.com/hc/en-us/articles/26151637987853-Create-consumers-OAUTH

7 days ago Updated

1. Log in and click on the menu located at the top right.

2. Select “Configuration” from the menu.

The screenshot shows a dashboard with various metrics and charts. A user profile menu is open in the top right corner, with the 'Configuración' option highlighted by a red box. The dashboard includes:

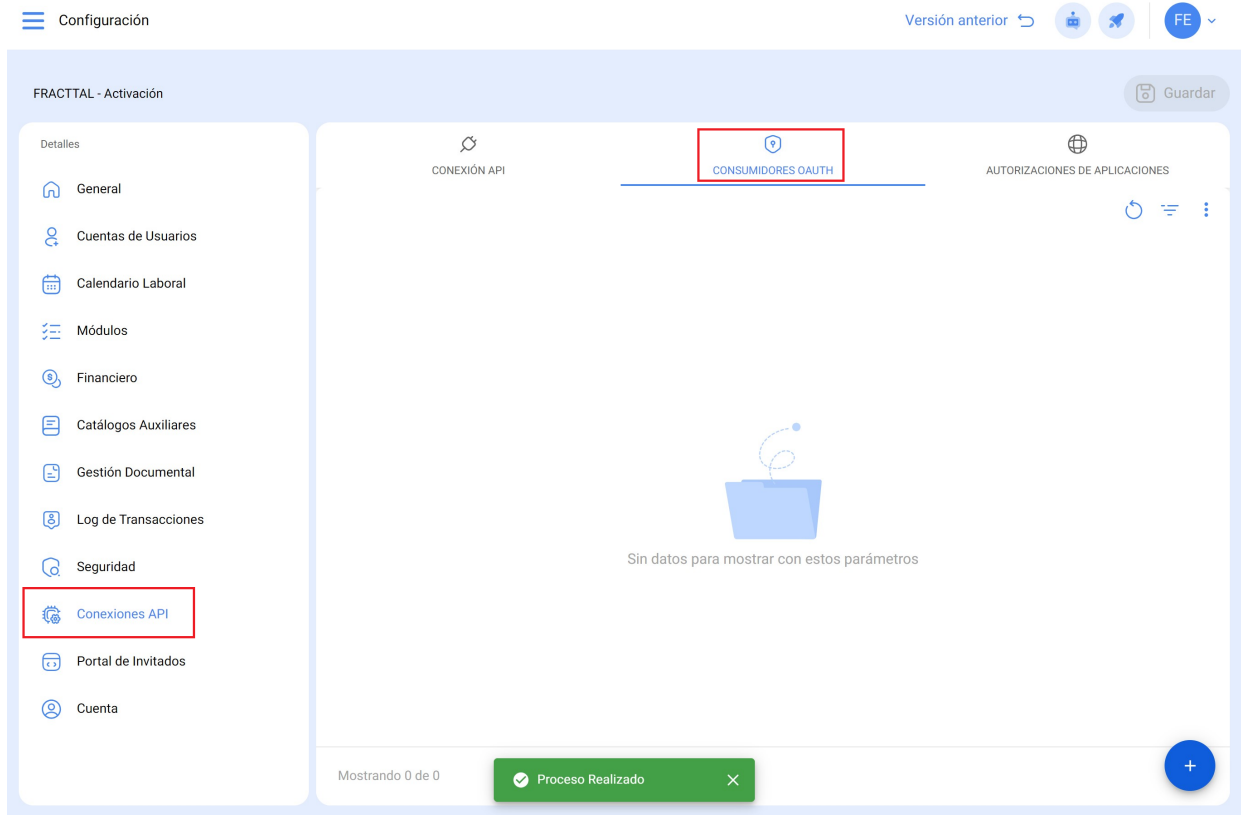

- Dashboard header with 'Versión anterior' and user profile 'Fabián'.
- Date range: 'Desde - Hasta: 2024-03-04 / 2024-04-04'.
- Summary cards: 80 OTs en Proceso, 14 OTs en Revisión, 101 OTs Finalizadas, 21 Tareas Pendientes con Atraso.
- Charts: 'Tareas Planificadas vs No Planificadas' (39.2% vs 60.8%), 'Porcentaje de Cumplimiento' (51.8%), and 'Solicitudes de Trabajo' (57 Creado vs 27 Solucionado).
- Bottom summary cards: 2 Fallas Causaron Daños, 129 Activos detenidos actualmente, 42 Paradas Planificadas, 16 Paradas no planificadas.

3. In the configuration section, click on the “API Connections” option in the left side panel.

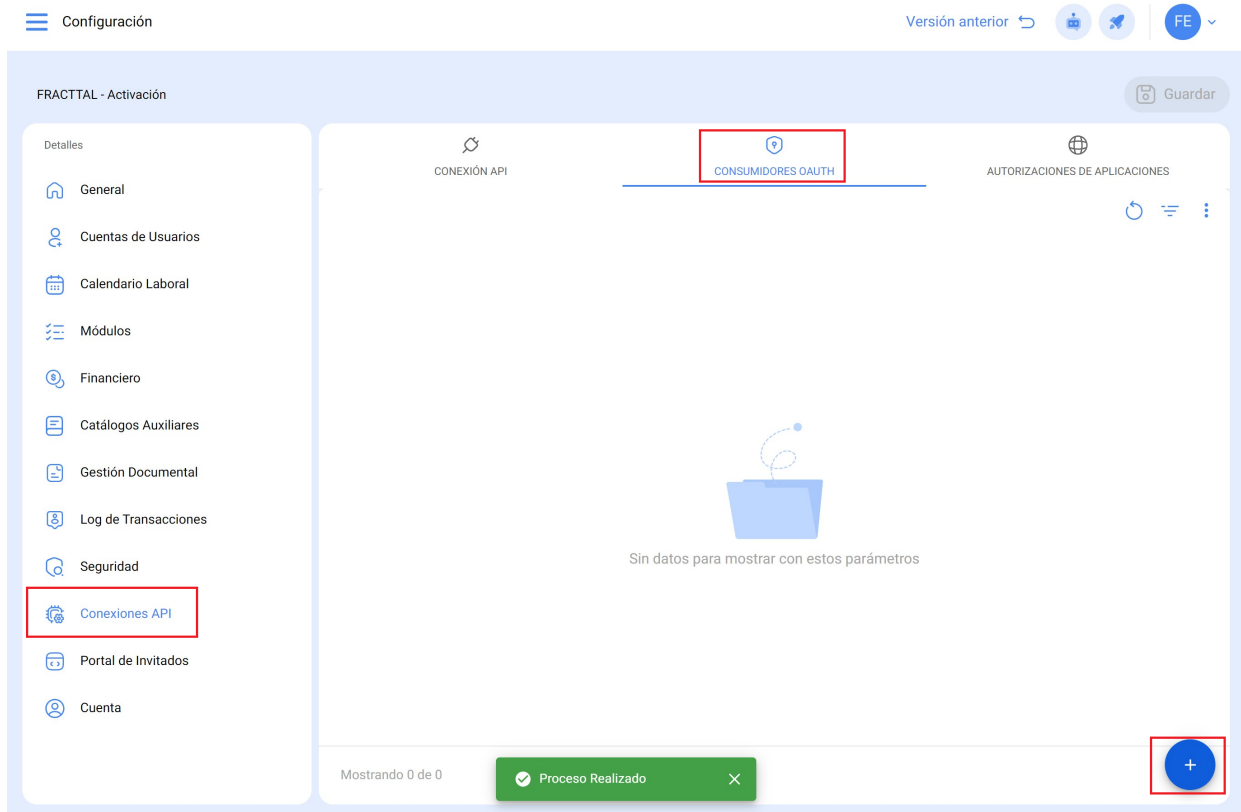

The screenshot shows the 'Configuración' page for 'FRACCTAL - Activación'. The 'Conexiones API' option is highlighted in the left sidebar. The main content area shows the 'CONEXIÓN API' section with the following details:

- API Key: gl 4VigvdV
- Message: 'Método de autenticación deprecado, te invitamos a usar OAuth2' (highlighted in red).
- Buttons: 'Ver API Secret' and 'Guardar'.
- Info: 'Solo el Súper Administrador puede acceder al API Secret'.

4. Within the API settings, click on “OAuth Consumers”.

5. Click on the “+” button at the bottom right to add a new consumer.

6. Configure the fields as shown in the image. Here, the most important thing is the “**Permission groups**” that we previously created so that, at the moment of establishing communication, we do not have inconveniences in accessing the module with which we want to interact.

The image shows a configuration page for a new OAuth client. The page is titled "Nuevo(a) Cliente OAuth" and is part of the "Configuración" (Configuration) section. The sidebar on the left lists various modules, with "Conexiones API" (API Connections) selected. The main form contains the following fields and options:

- Tipo de autorización** (Authorization type): A dropdown menu with "Credenciales de cliente" (Client credentials) selected. This field is highlighted with a red box and labeled **A**.
- Nombre** (Name): A text input field with the placeholder "Ingrese un nombre para identificar el consumidor" (Enter a name to identify the consumer). This field is highlighted with a red box and labeled **B**.
- Descripción** (Description): A text input field with the placeholder "ingrese una descripciones" (enter a description). This field is highlighted with a red box and labeled **C**.
- Grupo de Permisos** (Permission group): A dropdown menu with "Reportes" (Reports) selected. This field is highlighted with a red box and labeled **D**.
- Activar Fractal Hub (Middleware)**: A checkbox that is currently unchecked.
- Credenciales:** A section containing three input fields: "Fecha de creación" (Creation date), "Clave" (Key), and "Secreto" (Secret). The "Clave" and "Secreto" fields have copy icons.

The page also includes a "Mostrando 1 de 1" (Showing 1 of 1) indicator at the bottom.

7. Once the above fields have been configured, press the “Save” option.

The image shows a mobile application interface for configuring an OAuth client. On the left, a sidebar menu is visible under the heading 'Configuración' and 'FRACTAL - Activación'. The menu items include: General, Cuentas de Usuarios, Calendario Laboral, Módulos, Financiero, Catálogos Auxiliares, Gestión Documental, Log de Transacciones, Seguridad, Conexiones API, Portal de Invitados, and Cuenta. The main content area is titled 'CONEXIÓN API' and 'CONSUMIDORE'. It contains a table with columns 'Nombre' and 'Clave'. The first row has a checkbox and the text 'Ingrese un nombre para ide...'. Below the table, it says 'Mostrando 1 de 1'. On the right, a modal form titled 'Nuevo(a) Cliente OAuth' is open. It has a back arrow and a save icon (a blue square with a white document icon) in the top right corner. The form fields are: 'Tipo de autorización' (dropdown menu), 'Credenciales de cliente' (dropdown menu), 'Nombre' (text input with placeholder 'Ingrese un nombre para identificar el consumidor'), 'Descripción' (text input with placeholder 'ingrese una descripciones'), 'Grupo de Permisos' (dropdown menu with 'Reportes' selected and a close icon), 'Activar Fractal Hub (Middleware)' (checkbox), and 'Credenciales:' section with 'Fecha de creación' (text input), 'Clave' (text input with a copy icon), and 'Secreto' (text input with a copy icon).
